**'Sister-to-Sister' Outing Fosters Student-CSJ Relationships**
and there are not too many U16 girls teams in the area (none in Ohio), so as you could probably imagine it is a very competitive process to tryout and be selected for teams."

"We travel almost every other weekend to play in tournaments and showcases. This season, we will be traveling to Canada, New Hampshire, Boston and Minnesota."

"I have been playing girls hockey for about three or four seasons now, but before that I played on boys travel teams. It was challenging to be the only girl on the team because you automatically have to work twice as hard to prove to the boys that you can keep up. The first time I played with another girl on my team was when I was in seventh grade and we ended up being D partners. Our coach nicknamed us the 'pony line' because of our pony tails and we were probably the top line.

Morgan's goal since she was 6 years old has been to play college hockey. "I am currently in the most stressful time of the recruiting process, when colleges are beginning to make offers to the players in the Class of 2017."

In addition to hockey, Morgan has thrown shot put and discus for the SJA Track and Field team. She loves history classes, as well as Spanish and art. She volunteers at hockey camps and tutoring refugees at Catholic Charities.

Fostering closer relationships with our founding Sisters from the Congregation of St. Joseph is always a goal for SJA students. This year, for the first time, students are traveling off campus with the Sisters on special outings to help achieve this goal. The first of these "Sister to Sister" trips took place last Friday, September 4, when four students joined four Sisters for a trip on the Goodtime III. Full Story
