Record-Breaking 71 Saint Joseph Academy Students Receive AP® Scholar Awards

CLEVELAND, OH – Once again, Saint Joseph Academy is celebrating its students’ academic accomplishments with the announcement that 71 young women received Advanced Placement (AP) Scholar Awards. The number represents a new milestone for the school – with more than 30 percent of its eligible students receiving recognition. A record nine young women also received the top award: AP Scholar with Distinction, having averaged 3.5 or higher on five or more AP exams. Each fall, the nationally run AP program presents AP Scholar Awards, recognizing those students who have performed exceptionally well on three or more AP exams the previous school year. AP classes include college-level coursework and testing that follows specific and rigorous standards, established by national not-for-profit organization College Board. Completed coursework also qualifies students for college credit through many universities. Saint Joseph Academy currently offers 18 AP courses, including AP Biology, AP Government/Politics, AP Studio Art and AP Psychology, among others. “We are so proud of these young women and what they have accomplished,” says Saint Joseph Academy President Mary Ann Corrigan-Davis ’71. “The number of students who earned awards speaks to the continued emphasis our school places on academic achievement as well as individual excellence.”

The following Saint Joseph Academy 2016 AP Scholar Awards were based on testing during the 2016-2017 academic year. The list includes 22 current Saint Joseph Academy seniors and 49 students who graduated in May:
